Subject: 2007 Fall Program

Date: Nov 14, 2007 2:58 PM

Dave:

I want to thank you for all of your hard work and especially for bringing a sense of "professional composure" to the program. When I was getting worried about stuff – speakers not showing up for rehearsals, issues with the sound, etc. – you had it under control. It sure made things a lot easier than I would have imagined. Thanks again. – Art.

First, you did a great job at the fall meeting with the PowerPoint presentations. The quality of the programs appears to continue to improve.

I am the Chair of Division 5. I have attached hereto our annual report and the minutes of our past few meetings.

Please post the annual report and the minutes on our website. We will also be forwarding to you some articles that have been written by our membership.

Hi All. I extracted the text from the 2008 brochure and put it into Word (see attached). The formatting was lost but the text is there. That should be easier to edit. Hope that helps, Dave.

We will send edits to Amanda. Does this brochure exist in Word?

Hi Susan. Attached is the brochure from 2008. A person named Kathy Karrys handles our brochure work. I think the process is all edits are sent to Amanda and she gets them to Kathy. Hope that helps, Dave.

Excellent! Thanks Amanda!

I am copying Dave Owen on this too. Hopefully we can get a meeting set up with all of us to review and finalize the 2011 brochure. Before we do that, however, could Andrea and David take a first whack at updating it?

Ok Folks. First of all, very interesting idea and should be fun. We think our cameras can provide a live link out while recording and we are doing a test to make sure. Here are some points:

- Since we have our cameras as far back as possible to avoid obstructing people's view, the zoom is on full already. So, for this Plenary, we will need to move one camera closer, like right down one of the aisles.

- I'll talk with the AV people at the Hotel and see if they can provide the video out cables we need and a switcher box for Ed.

- I would suggest not using The Office Theme music. If this comes off as well as we think, it will probably be made into a DVD for sale in the ABA on-line store. We can't use copyrighted material in anything we sell.

Very cool video. Now I have to see if I can find an outfit like Roger Dalton's, or at least a Miami Vice linen suit.

Hello Division Chairs. As you know, I was without the ability to update each of your Division Web Sites for about 6 months. We were able to get that capability returned to me recently. I've made all the updates you sent to me over the last 6 months. So, feel free to send me your updates and postings and I will work hard to serve you. Thanks, Dave.

Mark, Katie - Do you have a preference of where I should place the IP

Here is my first submission of things to go up on it. These are the minutes of our planning committee meeting, last three monthly conference calls and a newsletter I just sent out. I send these to the Steering and Working committee members when drafted and advise others that they are available on our website. Per Ty's e-mail of yesterday, I am also sending them to Jim and him and will include them in the future when these go out each month. Now why am I also sending them to Mike Tarullo? Three reasons- 1- because he is not one who would regularly receive them and I seek his input if he, as well as anyone else, thinks we can do better; 2- so he can join Ty and Jim in telling me how corny the newsletter is and 3- and most important, since he is just down the street, I may need a continuance in one of our cases soon so I better butter him up!!! Dave, let me know when these are on the Division 4 webpage (and yes I know the first one refers to steering and working community, not committee

Hi Denise. I think I got as much of this done as I could. There are some limitations on the order of the sections because that is set in the Site. Let me know what you think. Thanks, for the good thought put into all of this. Dave.
